Volume2

www.coastalboxers.org

Silliest Boxer Contest WINNER!!!

Jaxie is 6 years old. At the age of 4 months, he developed the deadly disease of Parvo. He was so sick we just knew we were going to lose him. But through the expertise of his vet, he pulled through it. Jax has always been a clown in everything he does and took center stage at his puppy training classes. His personality is spelled "dufous". Such a lovable goofy boy through & through. He doesn't mean to misbehave, it just "happens" so we still crate him. Jax is truly an awesome boxer and we love him dearly! *Ellie Burt*

2010 COASTAL BOXER RESCUE CALENDARS AVAILABLE SOON

These calendars will feature 12 of our silly boxers! Great for gifts!
See website for details

Fund Raising Events

We rely heavily on donations and the fundraising events such as the garage sales and Petco booths. The dates will be announced in future newsletters and on CBR Yahoo Groups emails.

PLEASE HELP:

We are always in dire need of foster homes where our rescued boxers can spend time recovering from illnesses and infections with which they have come to us. Please consider fostering or volunteering in other ways. If you have a special talent, we can put it to use!

Did you know?

Developed in Germany in the 19th century, Boxers were originally used for dog fighting and to run down and hold large game such as wild boar and bison until the hunter could arrive. The breed is known for standing up on its hind legs and batting at its opponent, appearing to box with its front paws. Imported to America after World War I, they began to grow in popularity in the late 1930s. Boxers are the 6th most popular breed according to AKC.

Special Needs Boxer

Please meet Cody!! Cody is a one year old male flashy fawn boxer. He was found by a good samaritan in West Palm Beach. Cody's hind legs do not work normally but he now has a cart to get around in!

Cody is looking for his forever home, please consider this sweet loving boxer!

Meet our new Directors and Officers:

Niki Arntz - Director

Hello Boxer Fans! I came to get involved with CBR thru help with fostering and have enjoyed every moment of learning the kind and gentleness of this breed. I have helped in fostering 4 boxers to date, and it's a great feeling to see them finally find that forever home that they all hope for. I work with zoning of new telecommunication towers. I live in Boynton Beach with my Son (11yo) and our rescue dog (not of the Boxer breed) who is about 7yo. I hope that my tendencies to follow up on tasks and think outside the box will bring many new ideas to the organization. With a great team we will be able to give each and every boxer that comes our way the best chance they have at a normal life they all deserve

Amy Blitz - Director

Hi! My name is Amy Blitz. I have been the Area Coordinator for Broward and Miami-Dade County for over a year. I reside with my husband, my two young children, my elderly father as well as one Boston Terrier, 2 CBR alumni and a foster dog named Kylie. Needless to say there is never a dull moment. I work full time for a law firm in downtown Fort Lauderdale. I am the legal assistant to the managing partner. I am looking forward to my new responsibilities as well as getting to know and working closely with all of you. Thank you for this opportunity!

Ellie Burt - Director

Hello there fellow boxer lovers!! My name is Ellie Burt and I live in Brevard County. I have been doing volunteer work with Boxer Rescue for about 9 years. My husband, Chris and I are owned by Jaxie & Chloe. When I am not doing rescue work, I work full time for the Brevard County Clerk of Courts. I assist with home visits, cur runs and am able to foster occasionally. I hope to continue with my current duties and I am looking forward to being one of the directors as we continue our endeavor to save our favorite breed.

Rocky D'Attolico - Vice President

Bodie and Sasha are my kids, oh dear I forgot my daughter Julie. We all live in Boca where I teach Intensive Reading, English and Speech at Spanish River High School. As the new VP of Coastal Boxer Rescue, I anticipate picking up Georgia's slack. (as if I think I could!) I hope that I will be able to find a niche in this wonderful organization and help some deserving families receive the love from their boxer kids that I get from my Bodie and Sasha. Thank you for your trust and support.
